

LLaVA-1.5-7B Contrastive Decoding: Per-Token Logit EDA

This document traces, token by token, exactly how VCD and SID transform LLaVA-1.5-7B's raw next-token logits during greedy decoding on 10 CHAIR-benchmark images.

Definitions (per decoding step, over the full 32000-token vocabulary V):

```
expert (before) = raw logit from the real image + full attention (the normal forward pass)
amateur         = raw logit from a deliberately degraded forward pass
                  VCD: same model, image replaced by diffusion-noised image (t=500)
                  SID: same model, real image, but attention beyond layer 2 is
                        restricted to 72 of the 576 image tokens (visual starvation)
after subtraction = (1 + alpha) * expert - alpha * amateur, alpha=1.0
                  i.e. amplify whatever the expert says MORE than the amateur says,
                  on the theory that the amateur's opinion reflects language-prior
                  bias rather than genuine visual evidence.
after APC        = the value above, or 'MASKED' if expert_logit fell below
                  log(beta) + max(expert_logit), beta=0.2 -- the Adaptive Plausibility
                  Constraint that stops the amplification step from resurrecting tokens
                  the expert itself considered implausible. argmax of this column
                  (ignoring MASKED rows) is the token actually emitted at that step.
```

GREEDY has no amateur model or CD stage, so its tables only show the token and its expert logit.

Step selection: this report does NOT sample generic decoding steps (function words like 'the'/'in'/'at' are never tabulated). Instead it runs this repo's CHAIR implementation (eval/chair.py) against real COCO ground-truth annotations to find every COCO-object word mentioned in each caption, classify each as REAL (present in the image's ground truth) or HALLUCINATED (not), and locate the exact decoding step(s) whose generated characters produced it (via incremental per-token decode offset tracking). It additionally flags every mention of a number-word (one, two, several, ...) or a colour-word (red, blue, ...) -- these have no ground truth to check against, so they are shown but not classified real/hallucinated.

EVERY mention found gets its own table (nothing sampled or capped): each table shows the top-10 vocabulary tokens by expert logit at that exact step, with the token actually chosen highlighted in pink. Four tables per page. Table titles are red for hallucinated objects, green for real objects, blue for number/colour words. Each image's overview page lists every mention found.

Question: Describe this image in detail.

Ground-truth COCO objects: car, stop sign, truck

GREEDY:

The image features a stop sign with the word "STOP" written upside down. The stop sign is located on a street corner, and there are several vehicles around it. A truck is parked nearby, and a car is visible further down the street. Additionally, there are two motorcycles parked in the scene, one closer to the left side and the other closer to the right side of the image. There are also a few people in the scene, with one person standing near the left side of the image and two others closer to the right side. The presence of these individuals suggests that the area might be a busy street or a popular spot for pedestrians.

real objects mentioned: car, stop sign, truck

HALLUCINATED objects mentioned: motorcycle, person

number/colour words mentioned: few, one, several, two

VCD:

The image features a red stop sign on a metal pole at an intersection. The stop sign is upside down, making it an unusual sight. The intersection is located near a street with several vehicles, including a truck and a car. There are also a few pedestrians in the scene, one of whom is carrying a handbag. In the background, there are trees and buildings, adding to the urban atmosphere of the scene. The stop sign is positioned near a sidewalk, and a fire hydrant can be seen further down the street.

real objects mentioned: car, stop sign, truck

HALLUCINATED objects mentioned: fire hydrant, handbag

number/colour words mentioned: few, one, red, several

SID:

The image features a stop sign with the word "doli" written on it, located at an intersection in a city. The stop sign is positioned on a metal pole, and it is surrounded by bushes and trees. There are several vehicles in the scene, including a truck and a car, both of which are parked or stopped at the intersection. In addition to the vehicles, there are a few people visible in the image, with one person standing near the truck and another person closer to the stop sign. The overall atmosphere of the scene suggests a busy urban environment.

real objects mentioned: car, stop sign, truck

HALLUCINATED objects mentioned: person

number/colour words mentioned: few, one, several

Image 776

COCO image 776

Question: Describe this image in detail.

Ground-truth COCO objects: bear, bed, teddy bear

GREEDY:

The image features a group of teddy bears sitting together on a bed. There are five teddy bears in total, with one large teddy bear occupying the left side of the bed, and four smaller teddy bears surrounding it. The smaller teddy bears are positioned in various locations, with one on the right side of the bed, two on the left side, and one in the middle. The arrangement of the teddy bears creates a cozy and inviting atmosphere.

real objects mentioned: bed, teddy bear

HALLUCINATED objects mentioned: (none)

number/colour words mentioned: five, four, group, one, two

VCD:

The image features a group of five teddy bears of various sizes and colors, sitting together on a bed. They are arranged in a semi-circle, with some bears positioned closer to the foreground and others further back. The teddy bears appear to be interacting with each other, creating a warm and friendly atmosphere. The scene is likely set in a cozy and inviting environment, such as a child's bedroom or a playroom.

real objects mentioned: bear, bed, teddy bear

HALLUCINATED objects mentioned: person

number/colour words mentioned: five, group

SID:

The image features a group of five teddy bears sitting together on a bed. They are arranged in a pile, with some of the teddy bears appearing to be cuddling or hugging each other. The teddy bears are of various sizes and colors, creating a diverse and cozy scene. The bed covers the entire frame of the image, emphasizing the close-up nature of the scene.

real objects mentioned: bed, teddy bear

HALLUCINATED objects mentioned: (none)

number/colour words mentioned: five, group

COCO image 1425

Question: Describe this image in detail.

Ground-truth COCO objects: bowl, dining table, sandwich

GREEDY:

The image features a delicious-looking pastry, possibly a donut or a sandwich, sitting on a white plate. The pastry is placed on a dining table, and it appears to be the main focus of the scene. In addition to the main pastry, there are a few other items on the table. A cup is located near the top left corner of the table, and a bowl can be seen in the top right corner. A spoon is also present, resting near the top right corner of the table. The overall setting suggests a casual dining experience with a tasty treat.

real objects mentioned: bowl, dining table, sandwich

HALLUCINATED objects mentioned: cup, donut, spoon

number/colour words mentioned: few, white

VCD:

The image features a delicious pastry, possibly a chocolate-filled doughnut, sitting on a white plate. The plate is placed on a wooden dining table. Beside the plate, there is a bowl containing a dipping sauce, likely chocolate, which complements the pastry. A fork can be seen on the table, ready to be used to enjoy the dessert. The scene is inviting and enticing, showcasing a delightful treat for those with a sweet tooth.

real objects mentioned: bowl, dining table

HALLUCINATED objects mentioned: donut, fork

number/colour words mentioned: white

SID:

The image features a dining table with a plate containing a delicious pastry, possibly a chocolate-filled doughnut or a sandwich, sitting on top of it. The plate is placed on a white plate, which is positioned on the table. Beside the plate, there is a bowl filled with butter, ready to be spread on the pastry. A fork is also visible on the table, likely to be used for enjoying the dessert. The scene appears to be set for a delightful meal or snack.

real objects mentioned: bowl, dining table, sandwich

HALLUCINATED objects mentioned: donut, fork

number/colour words mentioned: white

Question: Describe this image in detail.

Ground-truth COCO objects: bus, person

GREEDY:

The image features a red double-decker bus driving down a city street, surrounded by tall buildings. The bus is quite large and occupies a significant portion of the scene. There are several people walking along the sidewalk, with some of them carrying backpacks. In addition to the bus, there are two other vehicles in the scene: a car and a truck. The car is located on the right side of the street, while the truck is further back, closer to the center of the image. The presence of pedestrians and vehicles indicates a busy urban environment.

real objects mentioned: bus, person

HALLUCINATED objects mentioned: backpack, car, truck

number/colour words mentioned: red, several, two

VCD:

The image features a busy city street with two red double-decker buses driving down the road. One of the buses is a classic red double-decker bus, while the other is a modern double-decker bus. Both buses are carrying passengers, with one bus having more people on board than the other. There are several pedestrians visible on the street, some of them carrying backpacks. A traffic light can be seen in the background, indicating that the buses are driving through an intersection. The scene captures the hustle and bustle of city life, with people and vehicles navigating the streets.

real objects mentioned: bus, person

HALLUCINATED objects mentioned: backpack, traffic light

number/colour words mentioned: one, red, several, two

SID:

The image features a busy city street with a red double-decker bus driving down the road. The bus is quite large and occupies a significant portion of the scene. There are several other vehicles on the street, including a bus on the right side of the image and a truck further down the road. Numerous people can be seen walking along the sidewalk, with some of them carrying backpacks. The pedestrians are scattered throughout the scene, with some closer to the bus and others further away. The overall atmosphere of the image is bustling and lively, typical of a city street.

real objects mentioned: bus, person

HALLUCINATED objects mentioned: backpack, truck

number/colour words mentioned: numerous, red, several

Question: Describe this image in detail.

Ground-truth COCO objects: person, surfboard

GREEDY:

The image captures a young man riding a wave on a surfboard in the ocean. He is skillfully balancing on the surfboard, enjoying the thrill of the wave. The surfer is positioned in the center of the scene, with the wave surrounding him. The ocean water appears to be green, and the waves are relatively small, making it a suitable environment for the surfer to practice his skills. The scene is a perfect representation of the excitement and challenge of surfing.

real objects mentioned: person, surfboard

HALLUCINATED objects mentioned: (none)

number/colour words mentioned: green

VCD:

The image captures a young man riding a wave on a surfboard in the ocean. He is skillfully balancing on the surfboard, enjoying the thrill of the water. The wave is quite large, and the surfer is positioned in the middle of it, showcasing his talent and experience. The scene is a perfect representation of the excitement and challenge of surfing.

real objects mentioned: person, surfboard

HALLUCINATED objects mentioned: (none)

number/colour words mentioned: (none)

SID:

The image captures a young man riding a wave on a surfboard in the ocean. He is skillfully balancing on the surfboard, enjoying the thrill of the wave. The surfer is wearing a black shirt and appears to be having a great time in the water. The wave is quite large, providing an exciting experience for the surfer.

real objects mentioned: person, surfboard

HALLUCINATED objects mentioned: (none)

COCO image 2473

Question: Describe this image in detail.

Ground-truth COCO objects: person, skis

GREEDY:

The image captures a thrilling moment of a person on skis jumping high into the air, performing a trick. The skier is in the center of the scene, with their skis visible as they soar through the air. There are several other people in the image, likely watching the skier's impressive jump. One person is standing to the left of the skier, while another person is located further to the right. Two more people can be seen in the background, one on the far left and the other on the far right. The scene takes place on a snow-covered slope, with trees in the background, adding to the wintery atmosphere.

real objects mentioned: person, skis

HALLUCINATED objects mentioned: (none)

number/colour words mentioned: one, several, two

VCD:

The image captures a thrilling moment of a snowboarder in mid-air, performing a jump off a ramp. The snowboarder is in the center of the scene, showcasing their impressive skills. There are several other people in the image, likely spectators or fellow snowboarders, watching the jump. Some of them are standing closer to the ramp, while others are positioned further away. A backpack can be seen on the ground, possibly belonging to one of the spectators. The scene is filled with excitement and energy as the snowboarder soars through the air.

real objects mentioned: person

HALLUCINATED objects mentioned: backpack

number/colour words mentioned: one, several

SID:

The image captures an exciting moment of a skier performing a jump in the air, with their skis visible as they soar through the air. The skier is in the center of the scene, showcasing their impressive skill. There are several onlookers in the image, including a man wearing a red hat who is watching the skier's jump. Other people can be seen in the background, likely enjoying the thrilling display of skiing prowess. The scene takes place on a snow-covered slope, with trees surrounding the area, adding to the wintery atmosphere.

real objects mentioned: person, skis

HALLUCINATED objects mentioned: (none)

Question: Describe this image in detail.

Ground-truth COCO objects: person, surfboard

GREEDY:

The image captures a man skillfully riding a wave on a surfboard in the ocean. He is wearing a yellow shirt and appears to be enjoying the thrill of the ride. The surfer is positioned in the center of the scene, with the surfboard beneath him. The wave is quite large, and the surfer is skillfully navigating it. The ocean water is visible in the background, and the surfer's body is in motion as he skillfully maneuvers the surfboard.

real objects mentioned: person, surfboard

HALLUCINATED objects mentioned: (none)

number/colour words mentioned: yellow

VCD:

The image captures a man skillfully riding a wave on a surfboard in the ocean. He is wearing a yellow shirt and black pants, and he appears to be enjoying the thrill of the ride. The surfer is positioned in the center of the scene, with the surfboard beneath him, as he navigates the wave. The ocean water is visible in the background, adding to the excitement of the scene.

real objects mentioned: person, surfboard

HALLUCINATED objects mentioned: (none)

number/colour words mentioned: black, yellow

SID:

The image captures a man skillfully riding a wave on a surfboard in the ocean. He is wearing a yellow shirt and black pants, and he appears to be enjoying the thrill of the ride. The surfer is skillfully balancing on the surfboard, showcasing his expertise in the sport. The wave is quite large, providing an exciting and challenging experience for the surfer.

real objects mentioned: person, surfboard

HALLUCINATED objects mentioned: (none)

number/colour words mentioned: black, yellow

COCO image 5529

Question: Describe this image in detail.

Ground-truth COCO objects: person, skis

GREEDY:

The image captures a person skiing down a snow-covered slope, surrounded by trees. The skier is wearing a blue jacket and is skillfully navigating the snowy terrain. The skis are clearly visible beneath the person, as they glide through the snow. The skier appears to be enjoying the thrill of skiing down the slope, surrounded by the beauty of the snowy landscape and the presence of trees.

real objects mentioned: person, skis

HALLUCINATED objects mentioned: (none)

number/colour words mentioned: blue

VCD:

The image captures a man skiing down a snow-covered slope, skillfully navigating through the deep snow. He is wearing a blue jacket and goggles, which protect him from the cold and snowy conditions. The man is skiing with determination and control, making his way down the slope. The scene is set in a mountainous area, with trees visible in the background, adding to the picturesque winter landscape. The skier's skis are clearly visible beneath him, as he glides through the snow.

real objects mentioned: person, skis

HALLUCINATED objects mentioned: (none)

number/colour words mentioned: blue

SID:

The image captures a man skiing down a snow-covered slope, surrounded by trees. He is wearing a helmet and goggles, ensuring his safety and visibility while skiing. The man is skillfully navigating the snowy terrain, making his way down the slope. The skis are clearly visible beneath him, as he glides through the snow. The scene is a perfect representation of winter sports and the enjoyment of skiing in a snowy environment.

real objects mentioned: person, skis

Image 6040

COCO image 6040

Question: Describe this image in detail.

Ground-truth COCO objects: car, person, train, truck

GREEDY:

The image features a blue and white train traveling down the tracks, with a red stripe on the side. The train is carrying many passengers, as there are at least 13 people visible on the train, some of them sitting and others standing. The train appears to be a commuter train, providing transportation for the people in the area. The scene captures the essence of public transportation and the daily lives of the people using it.

real objects mentioned: person, train

HALLUCINATED objects mentioned: (none)

number/colour words mentioned: blue, many, red, white

VCD:

The image features a blue and white train traveling down the tracks, with a red stripe on the side. The train is carrying many passengers, with at least 13 people visible through the windows. Some of the passengers are seated, while others are standing, enjoying the ride. In the surrounding area, there are a few cars parked or driving nearby, with one car located on the left side of the train and another car further back on the right side. The scene captures a typical day on a commuter train, with people going about their daily routines.

real objects mentioned: car, person, train

HALLUCINATED objects mentioned: (none)

number/colour words mentioned: blue, few, many, one, red, white

SID:

The image features a blue and white train traveling down the tracks, with several people visible inside and around the train. There are at least 12 people in the scene, some of them sitting and others standing, enjoying the ride. The train is quite large, occupying a significant portion of the image. The people are scattered throughout the train, with some sitting closer to the front and others near the back. The train appears to be a commuter train, providing transportation for the passengers.

real objects mentioned: person, train

HALLUCINATED objects mentioned: (none)

number/colour words mentioned: blue, several, white

COCO image 6763

Question: Describe this image in detail.

Ground-truth COCO objects: cell phone, dining table, person, tie, tv

GREEDY:

The image features a man and a woman standing close to each other, posing for a picture. The man is wearing a tie, and the woman is wearing a white shirt. They are both smiling and appear to be enjoying their time together. In the background, there is a TV mounted on the wall, and a few bottles can be seen placed around the room. There are also two chairs in the scene, one located near the left side of the room and the other towards the right side. A person is visible in the background, standing near the left side of the room.

real objects mentioned: person, tie, tv

HALLUCINATED objects mentioned: bottle, chair

number/colour words mentioned: few, one, two, white

VCD:

The image features a man and a woman standing close to each other, posing for a picture. The man is wearing a tie, and the woman is wearing a white shirt. They are both smiling and appear to be enjoying their time together. In the background, there is a TV mounted on the wall, and a car can be seen in the distance. There are also a few bottles placed around the room, with one near the left side of the image and another on the right side. A chair is located in the background, and a cell phone can be spotted on a surface in the foreground.

real objects mentioned: cell phone, person, tie, tv

HALLUCINATED objects mentioned: bottle, car, chair

number/colour words mentioned: few, one, white

SID:

The image features a man and a woman posing together for a picture in a bar setting. The man is wearing a purple shirt and a colorful tie, while the woman is in a white tank top. They are both smiling and enjoying their time together. In the background, there is a TV mounted on the wall, and several bottles can be seen scattered around the bar. There are also a few other people in the scene, with one person standing near the left side of the image and another person on the right side. A chair is visible in the foreground, and a cell phone can be seen on the left side of the image.

real objects mentioned: cell phone, person, tie, tv

HALLUCINATED objects mentioned: bottle, chair

number/colour words mentioned: few, one, purple, several, white

Reading these numbers:

avg_n_above_apc: how many of the 32000 vocabulary tokens survive the APC mask per step, on average. If this is very large, APC is barely constraining anything and the contrastive amplification in Stage 3 is essentially unconstrained; if very small, APC is doing almost all the work and the contrastive term barely matters.

avg_cd_prob_shift: total probability mass that moved between the expert distribution and the final post-APC CD distribution, averaged per step. Large values mean CD is aggressively reweighting the vocabulary; small values mean it is a near no-op most of the time.

avg_logit_diff_top1 (expert_logit - amateur_logit for the CHOSEN token): if this is small or negative, it means the amateur model assigned a similar-or-higher logit to the token that was ultimately chosen as the expert did -- i.e. the 'hallucination signal' CD is supposed to suppress was not actually concentrated on that token. This is the key generative-vs-discriminative asymmetry: in POPE-style yes/no discrimination the amateur's bias shows up as a clean shift on a single binary choice, but in open-ended generation the vocabulary is 32000-wide and the amateur's 'blindness' spreads its probability mass diffusely across many plausible continuations rather than concentrating it on the specific hallucinated object token -- so subtracting the amateur logit amplifies whatever the expert already favoured at least as much as it suppresses genuine hallucination.
